Guide Price: £185,000+

Two industrial buildings

Site 1 - Land and Buildings
Off Wright Street
Stafford
ST16 3AY

OVERVIEW

Site 1 building 1

A self-contained workshop unit of traditional brick and blockwork construction under a pitched roof. The interior is open-plan with a solid concrete floor. Vehicular access is provided via two roller shutter doors, with a separate personnel door. We are advised that a water supply is connected, but there is currently no electrical supply to this unit.

Site 1 building 2

is a modern, detached industrial/warehouse unit of steel portal frame construction, clad in profile metal sheeting. The pitched roof incorporates translucent panels, providing good natural light. It offers good internal height, with an eaves height of approximately 5.05 m rising to 5.43 m at the pitch. Access is provided by a large, powered, roller shutter loading door to a height of 4.47 m.

The ground floor consists of workshop/storage space, and a substantial steel-framed mezzanine floor provides significant additional capacity.

Lot No.4

Auction date 9 & 10 December
